

Working Title –

An Integrated Class Record Management System for the CCA Portal: Streamlining Academic Data and Performance Tracking

Key Features

1. Import Class Schedule and Enrolled Students in CCA Portal
2. Creation of class records for all classes loaded in the faculty account with the class details, students enrolled in the class. Class records available for the
 - a. Current Semester
 - b. Previous Semesters
3. Class records must have the following
 - a. Schedule of Class
 - b. Attendance Sheet
 - i. With tracking of Number of Absences
 - ii. Each recorded absence will notify student in their account thus seeing if they are reaching FA status
 - iii. If student is excuse – the faculty has the option to waive it but with remarks
 - iv. If student is absent – student can upload the excuse letter, documents needed, which will be seen by the faculty, program coordinator and the Dean.
 1. If faculty approves it – student will be excuse
 2. If faculty wants it approved by the coor and Dean – faculty must tick something so it will become visible to the coordinator and Dean for approval, If approved, absence is waive
 - c. Raw Score Entry
 - i. Manual encoding and Import Options
 - ii. As soon as the score is entered, the date will automatically appear on the bottom part (date for the date of entry which can be change by the prof if s/he wants to log the date of the activity)
 - iii. Score History (log/record) if score has been changed
 - iv. Computation of Grades
 - v. Summary of Passed, Failed, FA, NFE, UW, LOA, OD
 - d. Deliberation Form
 - i. Consolidate in one report all the students with problems where faculty can enter the intervention done.
 - e. Top 10 students from the class per term
4. Registrar
 - i. In the Master list of Enrolled Students Registrar can change student enrollment status from Enrolled to either UW, LOA, OD
 - ii. Remarks for Changing the Status and Date Updated
 - iii. Once this has been updated, the name of the student in all class records will remain visible but deactivated with whatever status entered by the registrar
 - iv. Summary Report of Enrolled Students
5. Dean / program Coordinator

- i. Can view the List of Officially Dropped Students
 - ii. Can approve uploaded student excused letters
 - iii. Deliberation Summary
- 6. Communication
 - i. Specially for excused students
 - ii. Incentives
 - iii. When reaching to students especially in missing activities
- 7. Seat Plan – Following the Lab Setup and Lecture Room
 - i. Manual
 - ii. Automatic – Alphabetically Arrange or Shuffled
- 8. Grades are visible on student account for transparency
- 9. Midterm and Final grades need not to be encoded in the CCA portal as the midterm and final grade must be fetch from the class records
- 10. Use the Grading System of CCA which vary per institute and courses
- 11. Data Visualization (Sir Vench recommendation)
- 12. Search and Filter Functions
- 13. Mobile Access
- 14. Integration with Other Systems
- 15. All Reports must conform to the Templates used by the Institute/CCA
- 16. Recommendations can still change and updated until the pre-oral defense
